RALEIGH STUDIOS INTERESTED IN SUMMIT COUNTY FOR FILM STUDIO

Hollywood, CA, March 30, 2009 – After considering a number of projects Raleigh Studios, and Raleigh Entertainment the largest independent studio management and production support company in the United States, has entered into an agreement with R3 Media, Inc. and QJP Properties LLC to develop a studio and entertainment complex in Quinn’s Junction just east of Park City, Utah.

“We are in the beginning stages of a design study that will help us determine the exact size of the scope of development”, said Michael Moore, Raleigh Studios President. “We are very enthusiastic about this project and we believe the Park City area will provide a terrific back drop for a studio development on a number of levels”.

Citing Utah’s production tax incentives, natural beauty, film heritage and Sundance events, Utah affords not only a film friendly environment but a place where film makers can and enjoy themselves for several months at a time while being stationed on a production”. He also notes that Utah’s Governor Jon Huntsman is committed to building on its already educated work force by attracting film production and promoting the development of the physical infrastructure that will be necessary to create additional and sustainable jobs for the residents of Utah. The government’s support is key to the success of creating a vibrant entertainment industry in the state.

The Raleigh Entertainment Companies include: Raleigh Studios, Hollywood Rentals, Raleigh Film, Olesen Theatrical Lighting and Expendable Supply Sales. They have locations in Hollywood, Manhattan Beach, Playa Vista, and Sylmar California, as well as Baton Rouge, Louisiana, Orlando Florida, Charlotte, North Carolina and Budapest, Hungary. The lighting operations span the country while the studio division operates more than 40 sound stages, ranging in size from 4,000 square feet to 75,000 square feet. The stages are used for movies, television programs and commercials.

CSI: MIAMI, BOSTON LEGAL and AMERICA'S FUNNIEST HOME VIDEOS are among the television programs produced at Raleigh Studios' facilities. Late last year, Marvel Studios signed an agreement with Raleigh to film several Marvel projects at Raleigh's Manhattan Beach lot.
